Do all of the exercises above. The Problems need to be checked by a MESA or TLC tutor or by me before the assignment is submitted (by the day of the second exam). Do not wait to show them to us until they are all completed – it will take too long to go over and you won't enough help with the ones you had trouble with.

Along with your exam corrections, completing these problems will earn 50% of the points back on your first exam.
