

DE Tools download instructions

Before starting the download, create a DETools folder on your computer

1. In your browser, go to the course website:
<http://www.smccd.edu/accounts/reuterdaht/>
2. Click on the Math 275 tab at the bottom of the page
3. Click on the Assignments tab
4. Click on the Week # 1 1/19/12 tab
5. Right click on the "DETools download" tab, you'll get a drop down menu
6. On the drop down menu, select the option "Save target as ... "
and save the zip file to your DETools folder
7. Click on BDH.zip to extract the DETools files into your DETools folder
8. When the extraction is complete, you should see a file named BDH.jar in
your
DETools folder.
9. To start DETools, click on the BDH.jar file
