

Skyline College Sports Medicine and The Golden State Warriors
Present the First Annual

Sports Medicine Camp

Students or youth sports coaches interested in Athletic Training, Physical Therapy, Medicine, or other allied sports medicine professions may be interested in attending this camp. This camp is to introduce high school students and/or youth sports coaches to basic techniques for the care and prevention of athletic injuries. (Registration priority will go to high school students if camp reaches limit of 30 participants) Participants will learn basic injury assessment techniques, basic taping and wrapping and proper stretching and strengthening techniques for prevention of injuries to athletes.

Staff:
